I'm a MERN stack developer who loves building easy-to-use web applications. I'm excited to keep learning and improving my skills while working with a great team. I'm always looking for new ways to create better solutions.

SKILLS

Frontend:
- Languages: HTML, CSS, JavaScript (ES6+)
- Libraries: React.js, Tailwind CSS
- Frameworks: React Router

Backend:
- Languages: JavaScript (Node.js)
- Frameworks: Express.js
- Databases: MongoDB

PROJECTS

SmartTrack

Smart Track is an asset management tool that allows HR to add and manage assets, while employees can request them. Employees submit requests for assets, and HR can approve or reject them based on availability.

Features:
- HR can add and manage assets for employees
- Employees can submit requests for assets
- HR can approve or reject asset requests based on availability
